The Boeing leased property off of North Hwy 94 is required to be maintained by the Boeing Model Airplane Club.

Every week, a club member will pick up the trailer/mower locked to the fence next to Bldg 508.

All Boeing Employee club members will show their badge to obtain access and notify the Guard of their intent to take the trailer/mower.

Non-boeing members have been directed to stop at the Guard station, show identification, and request access.

Thanks for your assistance!
